**Texas Health Plano (formerly Texas Health Presbyterian Hospital Plano)**

“Plano offers access to top quality care combined with leading medical technologies and the finest skilled professionals. It has three general hospitals, a heart hospital and a new pediatric hospital for a combined 1,100 beds. Quality healthcare is also abundant in the region with 90 hospitals, 15,000 beds, and over 11,000 physicians. UT Southwestern Medical Center-Dallas is one of the country’s leading academic medical centers, patient-care providers and research institutions. It trains over 4,200 employees, treats 97,000 people and handles 1.7 million outpatient visits annually. It also features four Nobel Laureates and conducts \$360 million in research.”
